FACT SHEET

THE FIRST-EVER PAGANI RESIDENCES

Grounded in a flawless balance of art and science, function and beauty—crafted beyond perfection, tuned in harmony with every custom detail. The Pagani Residences is the first residential project in the world to be meticulously curated by Pagani—down to the smallest detail.

In collaboration with Pagani Arte, the residences reflect a rare level of exclusivity, individuality, and unending beauty. To live Pagani is to experience the rush of the ride every time you come home. All-consuming anticipation.

Staggering exhilaration. The wildest expectations, exceeded. Nothing reveals your true self more than your home, as it reflects who you are, what you think, how you live.

The furnishings you choose to populate the spaces you live in are not just the expression of your aesthetic preference; they convey your idea of a well-defined lifestyle, one that, for Pagani, embodies exclusivity, refined taste, and sophisticated craftsmanship.
